

Assisi Bird

© Giulia Manfredini – Giulia Puntì Antichi

This pattern is cross-stitched over two threads of fabric. Depending on your choice of fabric, use one or two plies of thread. Because these threads have soft subtle shades, make sure to properly realign the plies if you use more than one ply.

After completing the cross-stitch section, backstitch (or Holbein stitch) with one ply.

Stitch count: 50 x 50

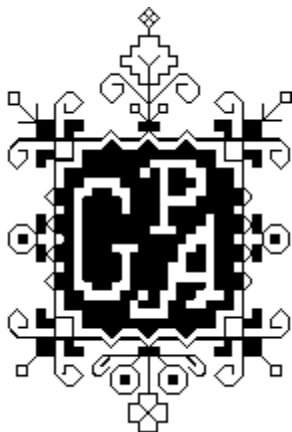

Fabric: Your Choice

The Gentle Art - Sampler Threads

	Old Blue Paint	Cross-stitch
	Midnight	Backstitch

The Assisi stitch is a typical Italian way of stitching. I hope you will enjoy stitching this little pattern.
